

PARTNER ACADEMY

YOUR GATEWAY TO ZERO DEFECTS

WHO WE ARE

The Partner Academy is the global supplier training platform of the BMW Group. Jointly operated by BMW and rpc, it ensures shared standards, clear requirements and global excellence across the supplier network.

WHY IT MATTERS

High quality and cost efficiency are the result of mutually understood standards, strong competencies and a shared quality mindset. The Partner Academy supports this by enabling BMW partners to:

- Understand BMW requirements & standards.
- Apply BMW methods and processes.
- Deliver right first time – globally and sustainably.

YOUR VALUE AS A PARTNER

Reduce costs and risks by avoiding quality issues through the lack of knowledge.

- Increase efficiency through smoother collaboration and better understanding.
- Full control through global steering of your team's qualification across all markets.
